This unique event is being performed to recognise and acknowledge the care and support given by Farleigh Hospice to Colchester Chamber Choir member Julia King during the terminal stages of her illness in 2019.

As an already experienced singer, Julia joined the choir in 2011. She subsequently performed in all concerts, and particularly appreciated the variety of works chosen by the choir, gaining enjoyment from learning new pieces as well as performing regular and familiar repertoire.

The programme this evening celebrates Julia's love of singing, and the instant and eternal comfort good music can bring to us all.

For over three decades Farleigh Hospice has been providing care for anyone affected by a life-limiting illness or bereavement. Farleigh can help people to live as actively as possible by providing physical and emotional care, free of charge.

The hospice has in-patient and extensive outreach services, to support people affected by any life-limiting illness, including lung disease, neurological conditions, heart failure and cancer.

Farleigh Hospice is a registered Charity and relies significantly on the support and goodwill of the local Essex community to provide for the majority of its expenditure, which amounts to over £16,500 per day, to deliver these services.
